PRODUCT OVERVIEW

LumiStrip™

LED Light Tape

LARGE ROLLS
// 5M (16FT) in a roll

QUICK INSTALLATION
// Easy installation & maintenance

LONG LIFESPAN
// ~70,000 hours

LUMISHEET COLOR MATCHING
// Kelvin colors to accompany LumiSheet

CERTIFIED
// CE & R0HS compliant

WARRANTY
// Advanced 3-year warranty

KELVIN CONSISTENCY

The new LumiStrip™ LED Light Tape has been engineered in color consistency, quality and product life to match the LumiSheet high standards allowing lighting designers to combine the benefits of both without having a color conflict.

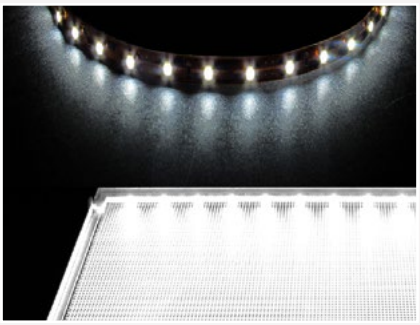
The LumiStrip™ Tape is widely used for store fixtures, architectural, signage, trade shows, theatre, aircraft cabins, hallway / stairway, accent lighting, concealed lighting, cove lighting, cabinet / under counter lighting and exhibition stands etc.

High Quality LEDs

LumiStrip™ Light Tape relies upon a higher quality LED than most LED light tape suppliers. The majority of applications require LumiStrip™ to be installed in conjunction with LumiSheet™ in areas that are not always easy to access. Quality is key.

Color Consistency

LumiStrip™ LED Light Tape gives your design more freedom. Engineered to match the main color temperature of LumiSheet™, LumiStrip™ allows for consistency across multiple features.



Easy Installation

LumiStrip™ LED Light Tape can be cut every three LED diodes and installs in seconds by means of a 3M, VHB (Very High Bond) backing which adheres to most surfaces.

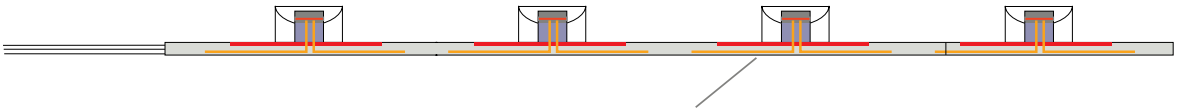
SPECIFICATIONS

ELECTRICAL					
Input Voltage	12 Volt DC -Constant Voltage				
Power Consumption	24 W ± 1.2				
Wire Size	20 AWG 2 wire				
Connector	Free leads				
Expected Lifespan	50,000 hrs				
PHYSICAL					
Color Temperature	Warm White 2800K - 3300K	Netrual White 4100K LumiSheet Match	Pure/Cool White 5300K LumiSheet Match	Pure/Cool White 5500K - 6000K	Color Adjustable RGB
Approx. Luminous Flux (lm)	5300 lm				
Operating Temperature	-30˚C (-22˚F) ~ +40 °C (+104 °F)				
Environment	Dry location (Standard)				
Number of LEDs	300 per 5m (16 ft)				
Gap between LEDs	5/8" (16.7mm)				
Maximum Length	5m (16 ft)				

Color Temperature: *Warm White 2800K - 3000K* · *Neutral White 4100K LumiSheet Match* · *Pure/Cool White 5300K LumiSheet Match* · *Pure/Cool White 5500K - 6000K* · *Color Adjustable RGB*

DIMENSIONS



Double-sided 3M adhesive tape on the back
